

## How to make a Donation

We would like to thank you for your interest in sponsoring our Aquafilters. By making a donation to the safe water trust you are helping us to achieve our objective to make safe drinking water available to people in developing countries.

The Aquafilter Community provides 5 litres of clean drinking water per minute and is designed for use by schools, medical centres and other small groups. The smaller Aquafilter Family provides 1 litre of clean drinking water per minute and has been designed for a family of about 30 people to use.

Your donation can be further enhanced with Gift Aid if you are a UK taxpayer. We would be very grateful if you would complete the declaration below and send it to us by e-mail or post to enable Gift Aid to be claimed.

If you have a destination/project for your Aquafilter(s) please provide us with information. We really appreciate feedback on the benefits of the Aquafilters to people in need of clean drinking water. You can send us your reports, photos and videos by e-mail. We will update our records and you will be able to track your sponsored Aquafilter(s) on our website.

My project.

If you do not have a destination in mind, we will direct your sponsored Aquafilter(s) to people currently in need of safe drinking water.
